

MASTER COURSE LIST

Occupational Safety & Firefighting Training Programs

WALEED CENTER

Introduction to Our Training Programs

Our comprehensive catalog features over 120 specialized courses organized into 12 key categories. Each program is designed to enhance safety knowledge and firefighting skills across diverse industries. All training is tailored to meet UAE and regional safety standards, ensuring your workforce is prepared for any challenge.

Course Categories Overview

01

Fire Safety & Firefighting

18 courses covering fire prevention, firefighting techniques, fire risk assessment, and emergency fire response.

02

Emergency & Evacuation

16 courses in emergency response, evacuation planning, crisis management, and incident command systems.

03

Accommodation & Facilities Safety

7 courses for accommodation safety, camp boss responsibilities, and facility management.

Course Categories Overview

04

Occupational & Workplace Safety

14 courses covering hazard identification, risk assessment, safety auditing, and behavior-based safety.

05

Construction Safety

13 courses including work at height, scaffolding, excavation, crane safety, and confined spaces.

06

Electrical & Technical Safety

8 courses covering electrical safety, LOTO, arc flash, and equipment safety procedures.

Course Categories Overview

07

Industrial & Chemical Safety

Chemical handling, HAZMAT, process safety, H2S awareness, and spill response training.

08

First Aid & Medical

First aid, CPR & AED, BLS, emergency medical response, and heat stress management.

09

Personal Safety & PPE

PPE awareness, manual handling, ergonomics, and fatigue management training.

Course Categories Overview

04

Transport & Driving

Defensive Driving, Fleet Safety, Driver Awareness, Road Risk Management, Heavy Vehicle Safety.

05

Hospitality & Office

Hotel Safety, Office Safety, Customer Area Safety, Mall Safety, Event Safety Management.

06

Security & Special

Security Awareness, Workplace Violence Prevention, Conflict Management, Emergency Response.

Fire Safety & Firefighting

Core Training

Fire Safety Awareness, Basic Firefighting, Advanced Firefighting

Prevention

Fire Prevention Techniques, Protection Systems, Risk Assessment

Response

Fire Warden/Marshal, Emergency Fire Response, Industrial Firefighting

Fire Safety & Firefighting - Part 2

Electrical & Chemical Fire Safety

Electrical Fire Safety, Chemical Fire Safety, Oil & Gas
Firefighting

Equipment Training

Fire Extinguisher Training, Fire Alarm Systems, Fire
Evacuation Procedures

Response & Management

Live Fire Drill Training, Fire Incident Management, Fire
Investigation Basics

Emergency & Evacuation

الطوارئ والإخلاء

Emergency Response

Emergency Response Training, Building Evacuation Planning, Fire Drill Management

Evacuation Training

Emergency Evacuation Training, Business Continuity Planning

Crisis Management

Crisis Management, Disaster Management, Emergency Communication

Emergency Procedures

Command Systems

Incident Command System, Emergency Control Organization, Assembly Point Management

Evacuation Types

High-Rise Buildings, School Evacuation, Hospital Emergency Preparedness

Crowd Safety

Crowd Control & Evacuation, Shelter-in-Place Procedures

WALEED CENTER

Safety for Accommodation & Facilities

➤ Facility Safety

Accommodation Safety Training
Camp Boss Safety Responsibilities
Labor Camp Safety
Residential Building Safety
Facility Safety Management

➤ Health & Hygiene

Hygiene & Public Health Awareness
Waste & Pest Control Safety
Site Inspection Protocols
Emergency Response Planning

WALEED CENTER

CENTER**

Case Study

Core Training

Construction Safety Awareness, Work at Height, Scaffolding Safety, Excavation Safety, Lifting Operations, Crane Safety, Heavy Equipment Safety

Specialized

Confined Space Entry, Fall Protection Systems, Ladder Safety, Site Supervisor Safety, Formwork Safety, Demolition Safety

WALEED CENTER

- Electrical Safety Awareness
- High Voltage Safety
- Lockout/Tagout (LOTO)
- Arc Flash Safety
- Equipment Safety
- Machine Guarding

- Maintenance Safety
- Safe Use of Tools

Electrical & Technical Safety

TRAINING CENTER

WALEED CENTER

- Chemical Handling Safety
- COSHH Awareness
- Hazardous Materials (HAZMAT)
- Process Safety
- Oil & Gas Safety
- H2S Awareness
- Confined Industrial Spaces
- Spill Response Training

8 specialized courses covering industrial hazards, chemical safety protocols, and emergency spill response procedures.

Industrial & Chemical Safety

WALEED CENTER

First Aid & Medical

➤ Core Training

First Aid Training
CPR & AED
Basic Life Support (BLS)
Emergency Medical Response

➤ Advanced Care

Workplace Injury Treatment
Heat Stress Management
Occupational Health Awareness

Personal Safety & PPE

17

PPE & Handling

PPE Awareness and Manual Handling training for proper protective equipment use and safe lifting techniques.

17

Ergonomics

Ergonomics Training and Slips, Trips & Falls Prevention for workplace injury reduction.

17

Fatigue & Safety

Fatigue Management and Lone Worker Safety courses for comprehensive personal protection.

Transport & Driving Safety

01

Defensive Driving

Master safe driving techniques, hazard anticipation, and accident prevention strategies for all road conditions.

02

Fleet Safety

Comprehensive fleet management safety protocols, vehicle maintenance standards, and driver monitoring systems.

03

Road Risk Management

Identify and mitigate road hazards, plus Heavy Vehicle Safety and Driver Safety Awareness training.

Waleed Center

for technical and professional skills Training

WALEED CENTER
